Professional Summary

Motivated Full-Stack Developer and Information Technology graduate with practical experience in building scalable web applications using Next.js, React.js, Node.js, MongoDB, PostgreSQL, and Prisma ORM. Experienced in developing multi-role platforms, authentication systems, cloud integrations, and responsive user interfaces. Passionate about software engineering, problem-solving, and delivering production-ready solutions.

Education

Bachelor of Science in Information Technology

2022 – 2026

University of Sargodha

CGPA: 3.52 / 4.00

Projects

CareerBridge – Job Portal

[Live Demo](#)

[GitHub Repository](#)

Technologies: Next.js, MongoDB, Express.js, React.js, Node.js, Redux, JWT, Cloudinary

- Developed a complete recruitment platform for job seekers and recruiters.
- Implemented Google OAuth authentication and secure JWT authorization.
- Built recruiter and candidate dashboards with role-based access control.
- Integrated cloud-based media management and resume handling.
- Delivered a responsive and user-friendly experience across devices.

Experience

AI-Powered Full Stack Web Developer Intern

April 2026 – July 2026

WhiteDavid23 Academy (Remote) – 3-Month Internship

[Live Demo](#) [GitHub Repository](#)

- Worked on full-stack web development tasks spanning frontend and backend.
- Built the **PG Room Platform (PGNexus)** as the final capstone project – a multi-role accommodation management system supporting Admin, Owner, and Tenant modules, using Next.js, TypeScript, PostgreSQL, Prisma ORM, Tailwind CSS, and Cloudinary.
- Implemented secure authentication, role-based authorization, room listing, and booking management features.
- Leveraged AI coding and development tools to accelerate feature delivery and code quality.
- Collaborated with the team via GitHub, submitting weekly tasks and attending review sessions.
- Completed the internship and received an ISO 9001:2015 certified internship certificate.

Freelance Web Developer

June 2026 – July 2026

Dewan Traders – Import & Export E-Commerce Platform

[Live Demo](#)

- Designed and developed a full-stack import/export platform using **Next.js**, **React.js**, **Node.js**, **Express.js**, **PostgreSQL (Supabase)**, and **Tailwind CSS**.
- Implemented secure authentication, role-based dashboards, product catalog, order management, payment verification workflow, and email notification system using **JWT**, **Resend**, and **REST APIs**.
- Built responsive UI with advanced animations, multi-currency support (PKR/USD), and optimized performance for international users.
- Integrated Cloudinary for media management, deployed the frontend on **Vercel** and backend on **Render**, and successfully delivered the production website at **www.dewantrade.com**.

Leadership & Activities

- Active contributor to open-source software projects and developer communities.
- Competitive basketball player demonstrating teamwork, discipline, and leadership skills.
- Developed and deployed multiple full-stack web applications independently.

Languages

Urdu (Native)

English (Professional Working Proficiency)

Technical Skills

Programming Languages

JavaScript (ES6+), TypeScript, SQL, C#, HTML5, CSS3

Frontend Technologies

React.js, Next.js, Redux Toolkit, Tailwind CSS

Backend Technologies

Node.js, Express.js, ASP.NET Core, REST APIs

Databases

MongoDB, PostgreSQL, SQL Server, Prisma ORM

Tools & Platforms

Git, GitHub, Postman, Cloudinary, Vercel, Render, VS Code
